Sataris is situated just off the Moraira - Calpe road ... coming from Moraira turn right by the large ferreteria "PEDROS" and it is a short distance on the left hand side.

23 diners from Group B

Specially prepared menu for our group, but not dissimilar to their normal evening choices.

The menu was excellent, the food was very nicely cooked with good sized portions, the staff very welcoming, and the timing between courses just right ,especially considering the number in the group. The wine complimented the food very well.

The only fault in our opinion was the state of the car park...very bumpy and muddy..with a huge pot hole....our recommendation would be park in the street !!

Food quality.... 9 /10
