TEULADA TOWN COUNCIL PROMOTES THE REFURBISHMENT AND ACOUSTIC IMPROVEMENT OF THE 'TINA BRU' AUDITORIUM AT ESPAI LA SENIETA IN MORAIRA

Teulada Town Council has approved the refurbishment and acoustic improvement project for the 'Tina Bru' Auditorium at Espai La Senieta in Moraira. The project will now move forward with the administrative procedures for the tendering and execution of the refurbishment works, with an estimated investment of approximately €300,000.

The project will cover a total intervention area of 290.18 square metres, encompassing the entire auditorium, including the seating area, control booth, stage, corridor and both dressing rooms.

The main objective is to optimise the acoustic performance of the venue in order to improve sound quality during conferences and speeches while maintaining suitable conditions for musical performances.

TEULADA TOWN COUNCIL LAUNCHES THE 'EVERY DROP COUNTS' CAMPAIGN TO PROMOTE WATER CONSERVATION AND RESPONSIBLE WATER USE

Teulada Town Council has launched the awareness campaign 'Every Drop Counts', an initiative aimed at promoting the responsible use of water and raising public awareness of the importance of preserving this natural resource, particularly during periods of highest demand.

Under the slogan 'Take care of water, take care of what gives us life', the campaign highlights how small everyday actions can make a significant difference to water conservation. Through a series of practical recommendations, the Town Council encourages both residents and visitors to adopt responsible habits in their daily lives.

Among the campaign's recommendations are choosing short showers instead of baths, turning off the tap whenever it is not being used, only running washing machines and dishwashers with full loads, keeping swimming pools properly maintained to avoid unnecessary water consumption, and regularly checking for leaks in household plumbing systems.

Through this initiative, the Town Council reaffirms its commitment to protecting water resources by encouraging everyone to adopt simple measures that contribute to more efficient water use.
